Request for Proposal

The Board of Alderman (Board) of North Topsail Beach, North Carolina (hereinafter called the "Town") invites qualified independent auditors (hereinafter called "auditor") having sufficient governmental accounting and auditing experience in performing an audit in accordance with the specifications outlined in this Request for Proposal (RFP) to submit a proposal.

There is no expressed or implied obligation for the Town to reimburse firms for any expenses incurred in preparing proposals in response to this request.

The specific details shown herein shall be considered minimum unless otherwise shown. The specifications, terms, and conditions included with this RFP shall govern in any resulting contract(s) unless approved otherwise in writing by the Town. The bidder consents to personal jurisdiction and venue in a state court of competent jurisdiction in Onslow County, North Carolina.

Type of Audit

1. The audit will encompass a financial and compliance examination of the unit's Annual Comprehensive Financial Report (ACFR) in accordance with the laws and/or regulations of the State of North Carolina, which include requirements for the minimum scope of the audit. The financial and compliance audit will cover federal, state, and local funding sources in accordance with generally accepted auditing standards; Government Auditing Standards, July 2018 revisions; the provisions of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), the State Single Audit Implementation Act; and all other applicable laws and regulations.
2. **The scope of the audit and all fee quotes presented should include all approved and known pronouncements through the date of proposal submission. This includes, but is not limited to, the Governmental Accounting Standards Board (GASB) statements and Government Auditing Standards. Although some pronouncements will not be in effect until after the first year of the audit, estimates for future years should include pronouncements that will become effective during that contract period. The audit firm will be expected to advise appropriate Town staff on the applicability of accounting and reporting standards as they become effective.**
3. The financial audit opinion will cover the financial statements for the governmental activities, the business-type activities, each major fund, discretely presented component units (as applicable) and the remaining fund information, which collectively constitutes the basic financial statements. The combining and individual financial statements, schedules, and related information are not necessary for fair presentation, but will be presented as additional analytical data. This supplemental information, as required by GASB 34, will be subjected to the tests and other auditing procedures applied in the audit of the basic financial statements, and an opinion will be given as to whether the supplemental information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The auditor shall express an opinion on the budgetary comparison information for the General Fund, annually budgeted major and special revenue funds. An opinion will not be given on the Management Discussion and Analysis.

The working papers shall be retained and made available upon request for no less than three years from the date of the Audit report.

4. The audit will also include the following:

- a. Pre-planning conference with Finance staff where both the auditor and Finance staff discuss their expectations of the audit.
- b. In-Person Attendance at the Board of Alderman's meeting, within 30 days of the completion of the audit, for presentation of the financial statements by the Manager or Partner of the Audit Staff with comments and potential questions from the Board as requested.

5. The audit should encompass all funds and entity-wide activities as reported in the Town's Annual Comprehensive Financial Report (ACFR) at June 30, 2024 and any additional funds or entity-wide activities that may be added subsequent to that date.

6. If required, the audit firm will issue a management letter to the Board after completion of the audit and assist management in implementing recommendations, as is practical. Town staff also request that an informal letter be addressed to the Town Manager with any efficiency, internal control or accounting improvements that could be made based on the audit staff's observation during their fieldwork. All content must be discussed with the Town Manager prior to issuance.

7. The Town staff may require the auditor's guidance or input on the completion of certain schedules/documents as to proper format and content, so that they can be used in the audit process as well as inclusion in the Town's financial statements. Guidance may be required for new note disclosures, all outstanding and effective authoritative standards and other reporting requirements at June 30 year-end. Cost for providing these services should be included in the auditor's base fee quote and will not be considered extra for additional billings. In cases, however, where services requested would require a more in-depth scope and require work significantly above the original fee quote, such additional fees must be negotiated prior to commencement of work.

Auditor Requirements

The audit firm is considered to be an independent contractor and will be wholly responsible for the services and the supervision of its own employees and permitted sub-contractors.

A planning meeting will be held each year to determine schedules that the Town will be responsible for preparing. Estimated timeframes will be established and interim audit work will be planned. Adequate notification will be given prior to any changes in estimated times.

The Town's audit engagement must be conducted in accordance with Generally Accepted Auditing Standards (GAAS); Government Auditing Standards, 2018 revisions, issued by the Comptroller General of the United States; and if applicable, the U. S. Office of Management and Budget's (OMB) Uniform Guidance and, if applicable, the State Single Audit Implementation Act, and any other applicable procedures for the audit of a local government's financial statements prepared in accordance with Generally Accepted Accounting Principles (GAAP). By accepting this engagement, the Auditor warrants that he has met the requirements for a peer review and continuing education as specified in Government Auditing Standards. **The Auditor must provide a copy of their most recent peer review report with their proposal.**

The Town staff will prepare all standard year-end accruals and other adjusting journal entries. The Financial Statement Preparer will prepare the government wide year-end adjusting journal entries as well as any necessary entries to allocate the state pension balances. The Town does not have Other Post- Employment Benefits, therefore no OPEB entries are necessary. The Town shall designate an individual, with the suitable skills, knowledge, and/or experience (SKE) necessary to oversee the services and accept responsibility for the results of the services performed. The Town management will ultimately be responsible for the preparation and fair presentation of the financial statements, which includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements. The Town will need the assistance of the Financial Statement Preparer for the preparation, typing, proofing, printing, and copying of the Basic Financial Statements, supplementary information and compliance reports. The Town's SKE will prepare the MD&A. A preliminary draft of the audit and required adjusting journal entries must be submitted to the town Manager by October 15 for proofing and reconciliation to the Town's records to allow ample time for review and corrections before it is sent to the Local Government Commission. The Town's SKE will return the draft to the Financial Statement Preparer with proposed revisions within 10 working days. The Financial Statement Preparer will be ultimately responsible for the preparation, typing, proofing, printing, and copying of the Basic Financial Statement, supplementary information and all applicable compliance reports.

Meeting LGC deadlines is a high priority for the Town. Year-end fieldwork should begin by mid-August and be completed by mid-October. While many documents can be shared electronically, the Town expects that the audit firm staff will be onsite for at least a portion of the onsite work. **An agreed upon post-closing trial balance must exist by October 30.** The Town Manager will expect a listing of requested information needed for the audit at the preplanning conference, periodic conferences during the conduct of the audit, as well as an exit conference prior to the completion of fieldwork.

The timing of the draft and review should insure final completion of the Financial Statements by November 30, or no later than the Local Government Commission's required deadline of December 31st.

The auditor is responsible for completing the required data input sheet and electronically submitting the final Audit report/ CAFR as a text-based PDF file to the State & Local Government Financial Division when (or prior to) submitting the final invoice for audit services rendered to the Commission.

In the event that circumstances arise during the audit that require work to be performed in excess of the original estimates, any additional costs will be negotiated prior to commencement of the work and an amended contract will be approved by the governing board and forwarded to the staff of the LGC for approval.

Either the manager or partner of the audit staff is required to present and attend the Board of Alderman's meeting in which the Audit report is presented. Required communications to the Board can be delivered at this point, as well as general comments regarding the audit process and the results of the audit. Finance staff will coordinate this presentation and determine the date and time of the meeting, typically held within 30 days, following the audit completion.

Audit Contract: Period & Payment of Audit Fees

The Town intends to continue the relationship with the auditor for no less than three (3) years starting with fiscal year ending June 30, 2025. Continuation after the first-year contract will be based on an annual review of the Auditor, recommendation of the department staff, satisfactory negotiation of terms (including price), and availability of an appropriation. Each year after negotiation has taken place an annual contract documenting the terms of the audit will be signed. Since one governing board may not obligate future governing boards, the remaining years of the agreement are subject to annual governing board approval. After the initial three-year period, an annual extension may be granted by the Town based on the above-mentioned criteria and Board of Aldermen's (Board's) concurrence for up to two additional years or until a determination is made to request new proposals. The years identified under this RFP are:

July 1, 2024 to June 30, 2025

July 1, 2025 to June 30, 2026

July 1, 2026 to June 30, 2027

The required current revision of the form "Contract to Audit Accounts" (form LGC-205) is required to be executed as the contract document; however, the auditor and the Town may also execute an engagement letter and/or a Town contract to include additional terms not addressed in the LGC-205. The entire audit contract package must be approved by the staff of the Local Government Commission. Invoices are subject to approval by the LGC prior to payment by the Town. Interim or progress billings for services rendered marked approved by the LGC will be paid up to 75% of the total fee prior to submission of the final audited financial statements to the staff of the Local Government Commission. The final 25% of the Audit fees (final invoice) will be paid when the financial statements, single audit (if applicable), management letter and amended contract (if applicable) have been reviewed or approved by the LGC.

The LGC only approves invoices for audit related work. Requests for payment related to any additional agreed upon procedures or AFIR work do not require LGC approval. Final invoices for these services will be paid after the final report results and findings have been reviewed and deemed satisfactory by Town staff.
